For village trustee:

## 3 incumbents uncontested

Three unopposed incumbents are running for re-election to four-year terms on the Antioch Village Board under the Citizen's Party in this Tuesday's election.

They are: William Seemann of 649 Long View Dr., Arnold Weber of 434 Harden St., and Edgar Simonsen, 989 Victoria St.

The uncontested election is the first ever in the memory of Village Clerk Marilyn Sterbenz, who has been here for the past 28 years.

The two precincts for the election are: Precinct One at the Village Hall, Precinct Two at the Scout House, both on Main Street.

Rte. 83 (Main Street) is the dividing line for the two. Please turn to page 6

A HUG FROM THE Easter Bunny can make any day special, as this little girl knows. She was getting ready for the annual Easter Egg Hunt held last Saturday in Williams Park, where loads of kids turned up to hunt for eggs in straw piles and were rewarded with jelly beans, marshmallow bunnies and all sorts of Easter candy. A special visit from the Easter Bunny topped everything off. For more pictures, see page 16.

## 'Mother of the Year' contest set for kids

Antioch gradeschoolers will have the chance to tell everyone why they think their mom is the greatest and possibly win a truckload of prizes for her in a special "Mother of the Year" contest.

The contest is the first-ever for Antioch and is sponsored by the Antioch Chamber of Commerce and Industry.

Grade school students from Antioch schools in first through eighth grades are eligible to participate in the contest, including those students from Antioch Lower Grade School, Upper Grade School, Emmons, Grass Lake, Oakland, Channel Lake, St. Peter's and Faith Evangelical.

Students are asked to write a short paragraph of approximately 25 words on the theme, "My mom is the greatest because ....."

Prizes for the best essay will include a family pass to Marriott's Great America, and several gifts, gift certificates, dinners and entertainment passes — all for the "Mother of the Year."

The "Mother of the Year" and her son or daughter who writes the best essay will also appear in the Antioch News on May 9, just before Mother's Day.

Judges for the contest include: Debbie Savino, advertising representative for Lakeland Newspapers, Sue Nasenden, news editor of the Antioch News, and Dixie Sparks, executive secretary of the Antioch Chamber of Commerce and Industry.

The idea for the contest was initiated by Don Marski, manager of Ben Franklin and chairman of the Retail Committee which is sponsoring the contest.

Marski said he is "enthusiastic about the contest. It should involve a lot of community participation and it's something new for Antioch."

Members of the Retail Committee who are organizing the contest include: Marski, co-chairman LoAl Clark, Susan Sivula (Park Avenue Gallery), Lillian Nieman (Globe), Kevin Kelly (Foremost Liquors), George Hahn (Hahn Jewelers), Bill Patterson (BJ's), and Bill Bishoff (Western Auto).

An entry blank to accompany each short essay appears below, but children can pick them up at their schools, or at the Chamber of Commerce office.

Entries will be judged on creativity, originality and aptness of thought, Mrs. Sparks added.

Completed essays must be dropped off or mailed to the Chamber office at 880 Main St. in Antioch, between the Police Station and the Village Hall.

Following is a list of the prizes donated by area merchants and businesses:

# Energy workshops set for April

"The essence of education is overcoming a difficulty."

Many Antioch residents are probably losing energy in their home at a rate which can become very costly, sometimes due to something as minor as improper weather stripping around windows.

To help solve some home energy problems and also save money on energy costs, energy workshops will be held in Antioch throughout April.

Mike Teeley, environmental director for Antioch Grade School District 34, explained that five workshops will be held in April and May open to all Antioch residents to discover techniques for saving energy and find out information on the current energy crisis.

The one-hour workshops will be held starting at 7:30 p.m. at the following times and places:

- April 17: Antioch High School
- April 18: Antioch Upper Grade School
- April 24: Antioch Auction Barn
- April 25: Antioch Township Library
- May 1: Antioch High School.

The workshops will be headed by Dan Michael and Bob Brown, science teachers at the high school and Upper Grade School.

Also, "Project Conserve" questionnaires sponsored by the Illinois Institute of Natural Resources will be hand-delivered by Antioch Boy Scouts to every village household, Teeley said.

Residents are asked to fill out the simple, two-page questionnaire which asks basic questions, such as which type of windows and doors your home has.

Teeley said the questionnaires can help find out where a home is losing energy and how home owners can get their best paybacks in making their homes more energy sufficient.

He explained that through some basic weather-proofing measures this past winter, he saved \$100 on heating bills alone.

"The questionnaire is totally volunteer," he added. "It's a way to get money back" through some basic energy-saving measures.

Tax deductions of 15 percent are also available to those that help to make their homes more energy sufficient.

Teeley invited all residents to attend one of the workshops, which could prove very valuable in terms of heating and energy costs.

## Mother, daughter escape bedroom fire

A fire that started in a bedroom of the second floor apartment of Mrs. Laura Foltz last Friday did extensive damage to the contents but the building was only scorched.

The Antioch Fire Prevention Bureau reported that early Friday afternoon, Mrs. Foltz of Ackerman Road in Indian Point said she was awakened by her young daughter and told that their apartment was on fire.

Mrs. Foltz called the emergency fire number, 911, and sent the Antioch Fire Department to her home. Firefighters reported that Mrs. Foltz's daughter was unhurt, but the mother received minor burns on her hands.

The building is owned by Walter Malecki who lives in the downstairs apartment.

It is estimated that the earth weighs 6 sextillion, 570 quintillion tons.

### Where is the money going?

Editor:

After months of following the paper and the District 34 School Board, it has become very obvious we are not being told everything.

Where our money is going is the biggest and best reason to question certain policies.

I question paying a negotiator approximately \$3,200, and not taking his advice.

Our present School Board spent \$1,260.76 on a convention in Chicago for themselves, at a time when our teachers didn't have a contract. I ponder the rationale of the school board when at the Feb. 13 meeting they voted to pay \$60 per day for a substitute teacher in the event of a strike. This amount is twice what a regular substitute is paid.

Now the latest spending venture for the upcoming year is \$10 per student per year, to be taken from the educational budget for library funds.

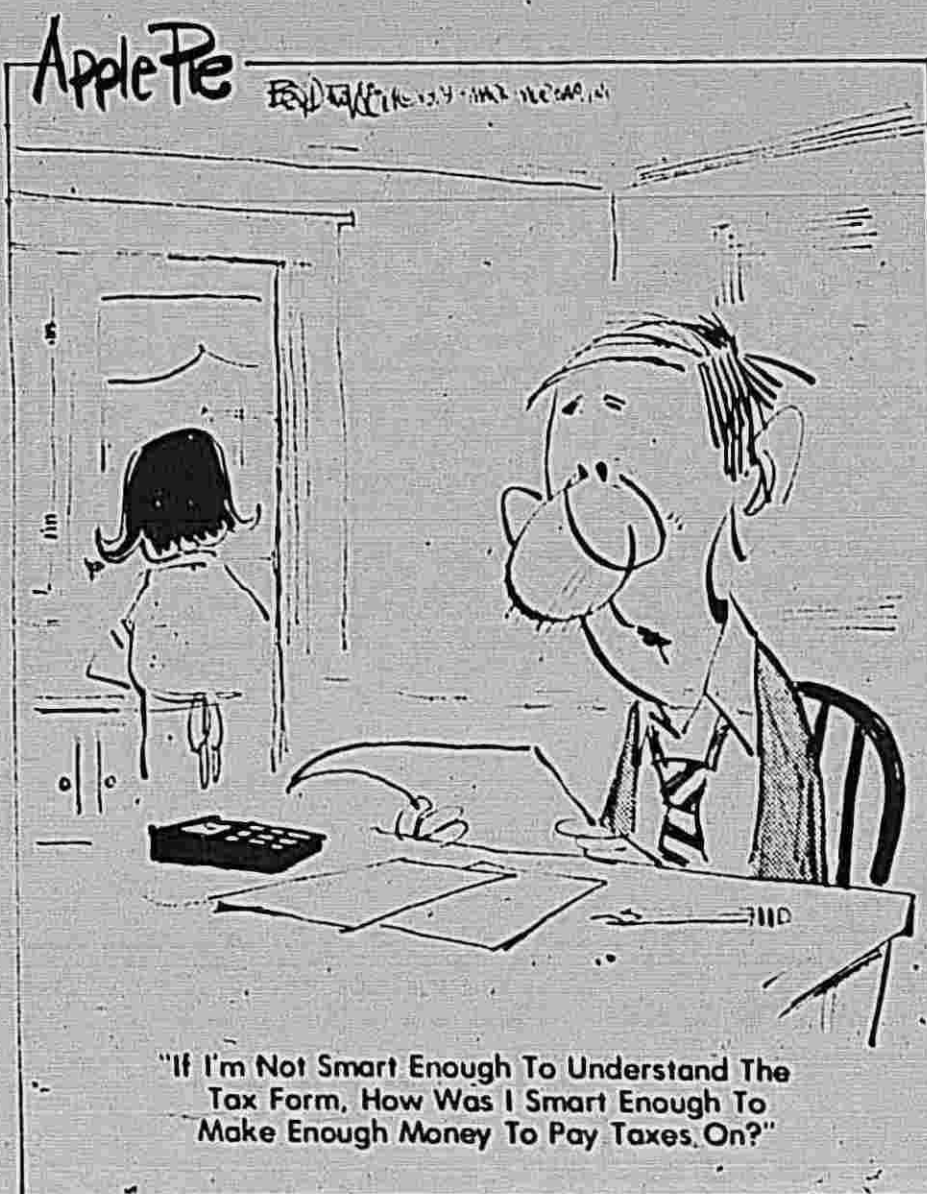

All the above spending has left our schools with six teaching positions cut, a new building being built, and an art room at Oakland empty due to no art teacher.

My questions are "how can all of this happen??" My answer is an unanimous executive session board, not willing to inform the parents and taxpayers of District 34.

Hopefully this can be resolved in the April 14th election for the School Board.

### Pierce's proposal:

## Property tax relief ok'd in subcommittee

Property tax assessment relief measures introduced in the Illinois House by Rep. Daniel M. Pierce, D. Highland Park, where approval last week in the sub-committee on real estate tax assessment of the House Revenue Committee.

In January Pierce, who serves as chairman of the revenue committee, introduced H.B. 179 which lowered the real estate tax assessment level from 33 1/3 percent of market value, and H.B. 262 which raises the Homestead Exemption, applying to people regardless of age whose assessments are raised, from \$1,500 to \$5,000.

The \$1,500 Homestead Exemption bill for increase in assessments was passed by the legislature last year and became effective with the 1978 real estate tax bills, which will be received in 1979.

The House Revenue's sub-committee on real estate tax assessment approved both Pierce bills last week and sent them on to the full committee after testimony from Lake

County taxpayers.

Testifying on behalf of the bills were Deborah Gardner and Mary Lou Brown of Lindenhurst. They presented petitions signed by hundreds of Lake Villa Township taxpayers in support of the lowering of the assessed valuation from 33 1/3 percent of fair market value to 25 percent of fair market value.

Pierce said that both bills would be heard by the full House Revenue Committee during this month.

He is also working on changes in the school aid formula that will end the practice of schools losing state aid when their assessed valuations are increased, thus causing them to keep rates high even though they are receiving more real estate taxes.

Pierce's committee is also working on the replacement of corporate personal property taxes and has introduced H.B. 548 to accomplish this purpose, he said.

## Lake County declared a disaster area

Congressman Robert McClory (R-13th District) announced from his Washington office that Lake County has now been declared a physical disaster area by the Small Business Administration as a result of flooding on March 1 through March 16.

This allows homeowners and tenants, business people and farmers, churches, private schools and other non-profit organizations to qualify for low-cost (7-3/8 percent) long-term (up to 30 years) SBA loans to restore or replace damaged property not covered by insurance.

Information may be obtained by contacting the SBA toll-free number (800) 972-3177, which is manned 7:30 a.m. to 7:30 p.m. Monday through Saturday.

Congressman McClory commented, "The snows and flooding will certainly cause vivid recollections of the Winter of 1979. The people of Lake County have suffered severe hardships. The cooperation of many people and agencies has contributed to easing the burdens which so many of our residents have experienced."

# School board candidates speak out

## Mary Ann Doyle

Although I was born and raised in Chicago, I have called Antioch my home for the last 10 years. Presently, my husband Mike and I are raising our two children in this town.

Because I am interested and concerned about the kind and quality of education my children receive, I have made myself a candidate for the School Board of District 34.

I am used to hard work as I have been active in Girl Scouting, park district activities, PTO and a room mother. I feel I can further serve my community by becoming a member of the school board.

Open-mindedness is a mandatory quality one must possess in order to be an effective member of a governing body.

The ability to listen and evaluate before arriving at a decision is imperative to protect the interest of all; parents, teachers, taxpayers, and most of all the children who suffer the most if imprudent decisions are made.

Free-flowing communication between the school board, teachers and parents is essential for a smooth-running school system. I feel an open and honest school board will have better cooperation from the public than one that is always behind closed doors.

With the way the economy is skyrocketing, I believe the school board has an obligation to the taxpayer to keep school expenses to a minimum without compromising the quality of education our children deserve.

It is only through the best possible education that we will provide effective leaders of the future. To squander school funds is defeating the purpose of a school board.

I am aware of the complex duties and obligations that being a school board member entail and I am prepared to accept these added responsibilities with a sincere pledge to perform to my optimum.

I have never been a person to enter into a venture half-heartedly. If elected to the School Board, I promise you my all.

treasurer for Warriner's Subdivision.

For the past four years it has been my concern that our school tax money is not being utilized to its maximum. Spending on non-essential items shows the lack of financial management.

It appears evident to me that our school board holds numerous executive sessions. I believe that public knowledge is very important and it has been denied us. Open school board meetings keep the community informed. Frequently the public has input to contribute which can be helpful to the board.

If elected to the board of District 34, my primary concerns, would be to respond positively with an open mind and eagerness to listen.

A primary goal in a proud community is to maintain a sound educational system, with teachers, parents and the school board working together to benefit the children.

### Sid Parker

As most of you already know, I have been a member of the District 34 school board for the last three years. My wife and I have four children, three of whom are

graduates of the Upper Grade School and the youngest a first grade student at the Lower Grade School.

I have been an employee of Commonwealth Edison Co. for the past 21 years. I am a member of the Antioch Rescue Squad.

I have a sincere interest in the future of education in Antioch. I believe that I can be a very compatible member of the present board, without losing my individuality.

There is a tremendous amount of responsibility involved with being a school board member. To maintain an atmosphere of cooperation with all of the parties involved, is at times a challenge.

It is not always easy to please everyone but the basic goal of the board is to get quality education for our children, without exceeding the limits of the budget.

This has been my goal for the past three years and will be if I am re-elected.

### Jim Quedenfeld

I have been a resident of the Village of Antioch for 43 years and have graduated from both the Antioch Grade School and the Antioch High School. At the present time I am a Captain on the Fire Department, in charge of the Fire Prevention and Arson Bureau.

I am also a member of the Zoning Board for the Village of Antioch. I am a past-president of the Antioch Grade School Band Parents Assn., and am still active in this organization.

I am now completing my first three-year term as a member of the Board of Education of District 34, of which I have been Secretary of the board for all three years.

I am seeking re-election to the Board of Education for District 34 because as a parent and citizen I am interested in a good education for our children. As a member of the Board I have missed just two meetings in three years and have served on various committees.

I also have attended many seminars and workshops to help me become a more informed member of the Board. Being a school board member requires that a person should be willing to devote a great deal of time and study. This I have done and if re-elected, I will continue to work hard and try my best to do a good job.

Also, there are quite a few projects that are now in process that I would like to follow through on. One of these projects is the building of the W.C. Petty School. As a member of the Board of Education, I have and if re-elected will continue to serve my community and its children and the taxpayers to the best of my ability.

## 8 youngsters win Jelly Bean Contest

Eight youngsters have been named winners of the Antioch Parks and Recreation Jelly Bean Contest which was part of the annual Easter Egg Hunt activities last Saturday.

The number of jelly beans in the jar was 1,353.

The winners include: Anthony Gedville and Amber Giacomelli (two and three-year-olds); Craig Gantar and Carrie Borris (four and five-year-olds); Mike Culat and Lance Browne (six through eight-year-olds); and Scott Cis-

zewski and Calvin Knudsen (nine through 12 year-olds).

The winners should stop off at the Antioch Parks and Recreation Office on Main Street to claim their prizes, the coordinators said.

They added that they would like to wish everyone a Happy Easter.

The following were also thanked for their cooperation and help in the Easter Egg Hunt held Saturday in Williams Park: Rod White, White's Ice Cream, VFW, Dee Lang, and the Antioch Jaycees.

IN HONOR OF SECRETARY'S Day on April 25, Antioch's Chamber of Commerce and Industry will be giving out free hand-painted gifts to any Chamber member that requests them for his/her secretary. The floral paintings were done specially for the

Chamber by local artist Carol Burns. Displaying some of the beautiful gifts are, from left, Sue Koppa, owner of Gilded Cage, Dixie Sparks, executive secretary of the Chamber, and Pat Sershon of Main Secretarial.

## Chamber to honor Secretary's Day

The Antioch Chamber of Commerce and Industry has announced to its membership that Secretary's Day would be remembered by the Chamber.

In addition to the gift that

perhaps the boss had in mind, the Chamber has contacted a fine artist Carol Burns, through The Gilded Cage, who has agreed to do 100 original paintings for the Chamber.

All that is required of Chamber members to obtain one is to submit the name of their secretary to Pat Sershon by phone (395-6006) or my mail (800 N. Main St.) and a painting will be delivered to the secretary during National Secretary's Week, April 23 to 27.

If there are members who have forgotten, or secretaries of members who should be remembered, please call Pat right away, she asked.

Each painting is truly beautiful and will grace the wall over any secretary's desk, she said.

The purpose of the National Secretaries Association's sponsorship of Secretaries Week is twofold: The first intent is to remind secretaries of their responsibilities to their profession, the second is to bring recognition to secretaries for their vital role in business, industry, education, government, and the professions.

## Financial News

By Phil Schaub

[Editor's Note: This financial news column is designed for the general education of our readers. Mr. Schaub, assistant vice president of the Antioch Savings & Loan Association, will discuss areas such as taxes, insurance, investments and financial planning in general.]

In last week's column, we talked about the simplest form of life insurance, Annual Renewable Term.

Every year as we get older the statistical probability of dying gets larger. Annual Renewable Term matches this rise in probability with rises in premium.

All term life insurance has to have rising premiums. Some, like mortgage insurance, have a level premium for the policy. The amount of coverage goes down each year. The effective cost for the remaining coverage is going up.

It would be nice to have a level coverage amount and a level premium. Permanent life insurance allows you to do just that. When you first take out the policy, the premiums for permanent are much higher than the premiums for term. The extra goes into a special account in your name with the insurance company (cash value).

As the cash value increases, the company has less actual insurance on you (amount at risk). The premium never changes. The cash value increases every year. If you live long enough, the cash value eventually equals the face amount of the policy.

At that point, the company pays off on the policy as if you had died. They give you your cash value. They call this "endowing." If the policy endows before you reach the age of 100, it's called an "endowment policy."

If it endows at your age 100, it's called a "whole life" or an "ordinary life" policy. Whole life policies used to endow at the age of 96.

Let's go back to my friend Tom who you met last week. He's 35. He has no bad medical history to complicate things. He's interested in \$25,000 of life insurance. His annual premium with a company I write insurance with would be \$454.50. At age 65 he would have paid in \$13,635 in total premiums and he could get \$12,925 in cash value.

Or he could wait until age 100 when he would have paid in \$29,542.50 and he would have \$25,000 in cash value (the face amount).

If he had taken the Whole life policy at the age of 25, his annual premiums would have been \$326.25. At age 65, he would have paid in \$13,050 and he would have \$14,250 in cash value.

Is a term or permanent life insurance policy better for Tom? Only he and his wife can decide. Term costs less out of pocket today, but permanent gives you some of your money back in the form of cash value. We'll talk more about that cash value next week.

## 'I Remember Mama' to open April 21

"I Remember Mama" by John Van Druten will open at the PM&L Theater, 877 Main St. in Antioch, Saturday night, April 21. Four following performances are scheduled for Friday and Saturday nights, April 27 and 28 and May 4 and 5.

Curtain time for all of these shows will be 8:30 p.m.

Directed by Don Beveroth, the large and talented PM&L cast features Ann Marie Cina from McHenry as Mama, Frank Greenwood from Round Lake as Uncle Chris, and Pam Hunley from Antioch as Katrin.

Other roles are played by Geri Duncan as Florence Moorehead; George Cina as Papa; Lorie Koenig, Debbie Beno, Gerry Schmelcher and Bob Mallowney as the children in the family; Mickey Mandell, Rai Johanssen, and Yvonne Dyer as the three aunts; Tom Hausman as Mr. Hyde; and Debbie Blanksten as Uncle Chris' "woman."

Others in the cast are Gerry Mandell, George Blanksten, Carole Mallowney, Chris Helgoe, Lisa Quinn, Janet Serzhon, and Ed and Martin Domeracki.

"I Remember Mama" has been an amazingly appealing show since it first opened on Broadway in 1944 to run for 714 consecutive performances, Beveroth said.

It is the touching story of a Norwegian immigrant family in San Francisco in the years before World War I. The play, based originally on Katherine Forbes' book, "Mama's Bank Account," has been presented as a movie,

a long run television series, and as a musical.

Mama has been portrayed by such performers as Charlotte Greenwood, Irene Dunn, and Peggy Wood; Liv Ullmann will have the role when the musical opens in New York next month.

Much of the play's enduring appeal is rooted in the genuineness of the characters and situations.

Critics have hailed "I Remember Mama" as a folk drama of heart and substance, and a fond and beguiling chronicle of immigrant family life. The play is at once picturesque, sentimental, humorous, and warm.

Call 395-3055 to make reservations, and be at the theater no later than 8:15 p.m. when you plan to see the show.

# Along the way with ANNIE MAE

THERE IS A NEW little beauty living in the home of Steve and Dee Alberts!! Stacey Scott was born March 23 at Lake Forest Hospital. She tipped the scales at 7 lb. 5 1/2 oz. and was 20" long. Three-year-old sister Lisa sure helps alot. Congrats to the Alberts family, the new little lady is a doll!

EILEEN LEWIN was good enough to call me with the answer to last week's trivia question on who Henry Street was named after.

She told me that it was named after her great-grandfather, Henry Naber of Waterford, Wis. Henry's son, B.F. Naber, a past mayor and township supervisor for Antioch, came to Antioch as a young man from Waterford and was a harnessmaker for a while.

He then owned a large farm on what is now Rtes. 59 and

173. When the land was later developed, he named the street just off of Lake Street for his father and a nearby street, Elizabeth Street, after his mother and wife.

B.F. Naber's daughter Helen E. Osmond, still lives in Antioch.

REMEMBER TO VOTE SATURDAY for school board officials and on Tuesday for village trustees! Although Tuesday's village board election is uncontested, it still would be nice to show your support of our village officials by coming out to vote.

There's two precincts, one in the Village Hall and one in the Scout House on Main Street.

EIGHT OF MY FRIENDS just got to go to see Bozo's Circus — Jeannine Leonhart took her three children, Jennifer, 4, Jayme, 2 1/2, and Jessica, 14 months old; plus their grandma, Ann Leonhart, neighbor Georgia Kilman and her daughter April, 5, and Jeannine's younger brother Jim Weber, 12.

The highlight of the fantastic day was that Jim was picked to play the Grand Prize Game and got all the way up to Bucket No. 5! He took lots of neat prizes home.

Anyone who watched Bozo on Monday would have seen the gang because they were in the second row watching the show. They told me they got their tickets as a gift from a friend who got the tickets for his children nine years ago! Now his children are too old to go see Bozo, so the Leonharts, Kilmans and Jim Weber got a fantastic opportunity to see the show!

## CLC sets 'Women and the Law' workshop

The one-day seminar will deal with a variety of legal concerns of interest to women and draws from area judges, elected officials, and lawyers in private practice for expertise.

The morning session will focus on new divorce legislation. After a buffet luncheon, the afternoon continues with a presentation on court procedure, followed by a panel on probate, and finishes with a panel on family violence.

The registration fee is \$7, which includes coffee, rolls and lunch. Interested persons may make an advance reservation through the CLC Office of Community Education before Tuesday, April 17.

Persons who have not made an advance reservation should be on campus at 9 a.m. to register for the day's activities.

EMERY AND GERALDINE CHANDLER wrote to tell me that although they like their new home in Bonne Terre, Mo., they still miss Antioch.

They said spring is slow in coming to their lovely development, they have 17 lakes and about 650 houses there, plus an 18-hole golf course and a million dollar clubhouse. Add to that an indoor-outdoor swimming pool, tennis courts and many other nice things in the 5,000 acre development.

I know they miss Antioch, but they sure have enough comforts to make the going less rough!

I'M PRACTICING my blackjack so I can be really good by April 21, when the Jaycees have their annual Las Vegas Night at the Antioch Auction Center.

IF I DON'T SEE YOU, I want to wish you a Happy Easter.

## St. Peter's school board candidates give views on education

Election of School Board members for St. Peter's School will take place after all the Masses on Sunday, April 22 and after the 5:30 p.m. Mass on April 21.

All registered parishioners of St. Peter Parish are eligible to vote.

Five people are seeking a position on the Parish School Board. There are two three-year positions open.

The views of the five candidates concerning their interests in the school are as follows (names appear in the order petitions were filed):

**FRAN KSIOZSK:** "For the past three years I have served on the St. Peter School Board and am at this time seeking a second term. Since I have been retired for the past two years I feel I can devote the necessary time and thought to the work of the board.

"More importantly, I hope to be re-elected as a member of the board because I am very concerned and interested in the welfare and Catholic education of our school children."

**BOB GAGNON:** "If I'm elected to the school board I would work with the existing board in continuing the fine education they are striving for. I would also look for solutions to keeping costs down without cutting on excellence in education.

"Additionally, I would hope to find ways of opening Catholic education to parishioners who can't afford increasing costs. My primary interests are in religion, physical education and parent cooperation in the school maintenance program."

**BRUCE PAGNI:** "The children of St. Peter's school are our future. As a teacher, parent, and prospective board member, I want to be a part of shaping that future. As a member of St. Peter Board of Education, I will strive to insure that our children will continue to receive the excellent academic and spiritual training they are now receiving.

"Through our system of education, we can instill in the minds of our children the significance and importance of our history and heritage; but most importantly, we can share our belief in God and the power of His Spirit."

**PATRICIA KENYON:** "As a full-time parent and part-time teacher, education is an important priority with me. All young children are our future ... the future parents, workers and decision makers of the world. Such an important resource for our future needs to be nurtured and preserved. All adults share the responsibility for developing this resource.

"We far too frequently give priority to short term goals and neglect the long-range educational and developmental needs of children. At St. Peter School the total child is considered. It is my belief that the values learned in the early years are the ones longest remembered and followed."

**GEORGE (TED) BURBRIDGE:** "My purpose for being on St. Peter School Board is to help keep our St. Peter School alive and well so that it can continue to teach our children the true Christian values so necessary in the world today."

CERTIFICATES OF APPRECIATION for support of the Lake County Unit of the American Cancer Society were recently given to employees of Hawthorn Center in Vernon Hills for a holiday gift-wrap service which resulted in a \$2,593 donation to the Cancer Society. Mrs. Janet Brook of Antioch, far

right, chaired a 40-member committee of volunteers who wrapped gifts for Mall shoppers in exchange for donations to the Cancer Society. Given certificates were L.R. Overby, left, of Abbott Laboratories and Angela Maras of Antioch, director of public relations for Hawthorn Center.

## United Methodist Church plans Easter week

There is some exciting good news at the Antioch United Methodist Church. Rev. Steve Williams announced.

Many are involved in the planning and preparation of

### Emmons sets kindergarten registration

District 33 kindergarten registration for next year will be held at Emmons Grade School office from April 23 (Monday) through April 27 (Friday) from 9 a.m. to 4 p.m.

A child must be five years old on or before Dec. 1, 1979 to be eligible for enrollment. A birth or Baptismal certificate must be in evidence for registration.

a full Easter week of meditation and celebration.

This Thursday at 6 p.m. a Passover Seder dinner will be held. This was the night Jesus met with his disciples in the upper room. Rev. Williams said they too were celebrating this same Passover meal.

All who attend the Seder will share in the preparation of the Passover food. Ida Wysoglad should be contacted in advance to get recipes.

On Friday at 8 p.m. there will be an ecumenical good Friday service. Ken Smouse of the Antioch

United Methodist Church will direct the combined choirs as they sing "The Crucifixion."

The church is honored and proud to be the setting for this service that promises to be one of the most meaningful and beautiful of the year. Rev. Williams said.

On Saturday at 8 p.m. an Easter Eve Service will be held. Rev. Williams said at this point Jesus had been crucified and was in the tomb.

All will consider their relationship to Jesus — how they share in His death

— those things that must die within them if they are to share in His resurrection. All will have the opportunity to participate in the lighting of candles. Rev. Williams added.

On Easter Sunday the Antioch United Methodist Church will joyfully celebrate at both the 8:30 a.m. and 10:30 a.m. services because "Christ the Lord is Risen Today — Hallelujah!"

As always, all in the community are welcome to attend any of the services. Further information can be obtained by calling the church office at 395-1259.

# Netters open season with big wins

Antioch's tennis teams opened their season last week with two convincing victories over Woodstock, 4-1 and McHenry, 5-0. This week the netters will play Waukegan West, Zion Benton and Round Lake.

Roger Korjenek played first singles in both meets winning against McHenry's Tim Sabatra 4-6, 6-2, 7-5 and losing in straight sets to Woodstock's Greg Miller. Tom Surrock, playing second singles, beat John Layer of Woodstock 6-0, 2-6, 6-4, and Bob Bitterman of McHenry 6-1, 6-3.

Coach Ron Halpern said Tom Mehlhorn won easily at third singles in both contests, 6-3, 7-6 against Woodstock

and 6-2, 6-3 against McHenry. Dan Rezin and Stu Short won both matches at first doubles and both players are just sophomores, Halpern said.

Jim Nikolai and Gary Manual blew both opponents off the court 6-2, 6-0 and 6-1, 6-1 at second doubles, Halpern added.

Halpern said he is pleased that on a given day any one of the seven starters can beat each other. There are also four other varsity players who would make almost any tennis squad in the area waiting to break into the line up.

They are Boro Rejic, Greg McKenna, Dave Nikolai and Andy Dziki. Phil Rezin has been ill but should break into the line-up soon, Halpern said.

The sophomores overwhelmed both Woodstock and McHenry 5-0, 5-0. Darryl Blanchette and Gordy Nasenbony led the way and Halpern said both of these players will get varsity experience before the season is over.

"This sophomore team is better than the past two, whose records were 15-0 and 17-1. Antioch's tennis future is very bright," the coach added.

## Speedway to open season Saturday

Due to inclement weather conditions, the Waukegan Speedway said it is forced to delay the opening of its 1979 racing season for one week.

The Speedway will begin its 30th year of racing this Saturday and Sunday.

Late Models and Hobby Stocks will be running both nights. Saturday, gates will open at 4 p.m. for practice and registration with qualifying at 7 p.m. and racing at 8 p.m.

Special pre-race opening ceremonies are planned

including a Marine Color Guard. Sunday, gates will open at 5 p.m. with qualifying at 6 p.m. and racing at 7 p.m.

More than 50 cars have pre-registered which is "the most we have had before opening in the 16 years which Lake County Racing has been running the track," President Gordon Sill said.

He added, "A fine field of cars are expected for the initial weekend on a quarter-mile clay facility."

The Speedway is located one quarter mile east of Rte. 41 on Washington Street in Waukegan. For the latest report on track weather conditions and special events, phone 662-8200.

## Emmons girls are champs

To closeout a perfect basketball season, coaches said the girls from Emmons recently beat the Millburn team 42-9. Although the team had assured themselves an uncontested first place finish by defeating Prince of Peace, the Raiders turned in one of their best offensive and defensive performances against Millburn, coaches said.

Contributing to the victory were Theresa Weber with 14 points, seven rebounds and five assists; Shelly Volling with 11 points, 13 rebounds and four assists; Karla Bolton and Joan Karczewski with six points each; Lisa Davis added four and Carolyn Stanley contributed a free throw.

For their 14 game season the Raiders scored a total of 437 points to their opponents' 116. Contributing to this excellent season were the Raider's ability to dominate the boards as well as their shooting ability from the floor. Coaches Cathy Barber and Kathy Urzedowski said six of the 14 girls on the team scored in double figures while the other eight contributed single figures and terrific help.

Leading the scoring for the team was Shelly Volling with 114 points and 23 assists followed by Theresa Weber with 106 points and 38 assists; Lisa Davis with 76 points; Karla Bolton had 66 points and Joan Karczewski added 29.

In addition to providing the Raiders with many points, Shelly Volling led in rebounding, pulling down 148. Additional strong rebounding came from Lisa Davis with 89, Karla Bolton with 63, Joan Karczewski with 26, and seventh grader Jodie Kuechle with 28, who were aided by the other girls.

As a team the Raiders totaled 466 rebounds, 95 assists and 134 steals.

Coaches said the teams' statistics do not really tell the whole story, even though they may be impressive. They said they are proud of the girls not only because they won but because all the girls worked together and always gave 100 percent.

"The girls helped one another out and cheered each other. They were truly a team in every sense of the word. This was probably the biggest factor in the team's winning season," they added.

THE UNDEFEATED CHAMPIONSHIP girls basketball team at Emmons Grade School includes, front row, left, Jenny Tague, Carolyn Stanley, Wendy Sampolinski, Kelly Gatti; second row, left, Brenda Webb, Beth

Also at the meeting, the results of a pool party

sponsored by the band parents in March was given. Many band students said they enjoyed themselves at Ravenswood YMCA pool.

The pool party was given for band students who sold at least 24 boxes of candy in the candy drive.

The purchasing of new risers by the band parents for the school was also discussed. More information is going to be gathered for the next meeting.

The next meeting will be held at 7:30 p.m. May 7 at the Antioch Upper Grade School.

Generally, taxpayers having estimated tax of \$100 or more and estimated gross income not subject to withholding which exceeds

\$500 must file Form 1040-ES, "Declaration of Estimated Tax for Individuals."

Taxpayers who filed an estimated income tax last year will receive Form 1040-ES tax packages by mail. The package includes a set of instructions, an estimated tax worksheet, and four declaration vouchers, the IRS said.

Those persons who do not receive Form 1040-ES tax packages, but are required to file a declaration of estimated tax, may obtain them from local IRS offices or by writing P.O. Box 1193, Chicago, Ill. 60690.

A handy IRS pamphlet, Publication 505, "Tax Withholding and Declaration of Estimated Tax" is available free from local IRS offices.
